A photograph of a public event for the Smart City Challenge. A group of people is gathered around a booth with a banner that says 'I ♥ BHUBANESWAR'. A man in a suit is speaking to the crowd. The background shows a cityscape with a bus and a wind turbine.

SMART CITY PROPOSAL

The Bhubaneswar Experience

February, 2015

THE 10 POINT APPROACH

01

Multi Disciplinary Team

02

Project Support through Local Resources

03

Developing long term communication strategy

04

Multichannel Outreach Strategy – bridging digital divide

05

Visioning – crafting “Ideal Vision”

06

Prioritize “Urban Design & Quality of Life” over technology

07

Create Identity for projects – Brand Them

08

Organize the proposal as –
STRATEGIC BUSINESS PLAN

09

Self Sustainable Financing Plan and Convergence Mechanism

10

Robust Implementation Plan and Stakeholder Engagement Strategy

- **Dedicated team placed locally** to understand the city's opportunities and accept limitations
- **BUILD BASICS-** Data collection should be prioritized for self-assessment
- **Mobilize city staff** from project conception to build leadership.

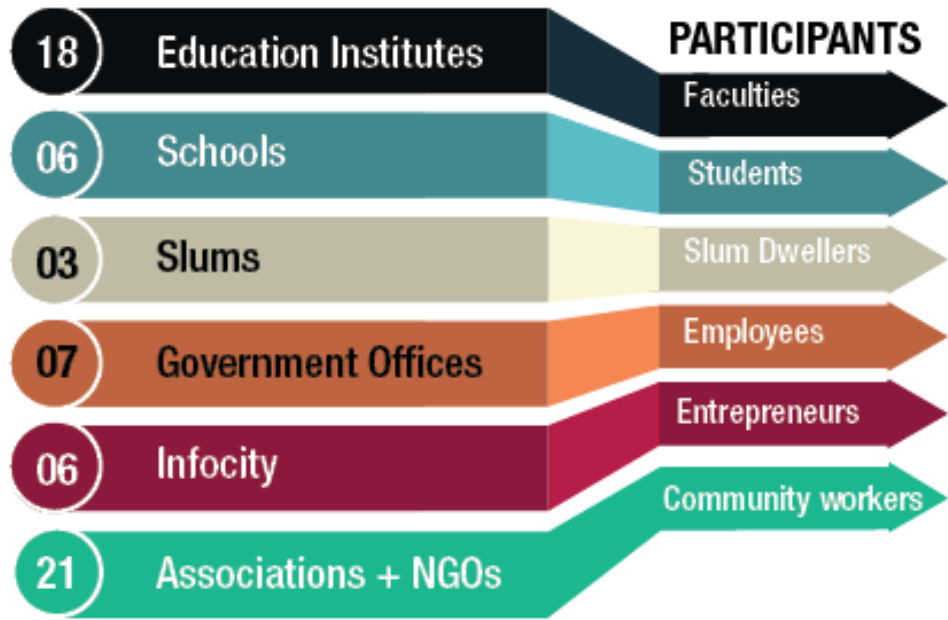

02 Tap into LOCAL RESOURCES for project support

- Outreach Campaigns
 - Street Plays
 - Photography
 - Graphic Design
 - Flash Mobs
 - Event Management
 - Participatory Appraisal

Bhubaneswar, through **participatory decision-making, responsible governance and open access to information and technology**, to be a:

- 
• **Transit oriented city** with a compact urban form that promotes active, connected and sustainable mobility choices
- 
• **Livable city** providing diverse range of housing, educational and recreational opportunities; while enhancing its heritage, arts and traditional communities
- 
• **Child-friendly city** providing accessible, safe, inclusive and vibrant public places
- 
• **Eco-city** co-existing in harmony with nature for nurturing a resilient, clean, green, and healthy environment
- 
• **Regional economic centre** attracting knowledge based enterprises and sustainable tourism activities by leveraging and empowering its institutions, local businesses and informal workforce

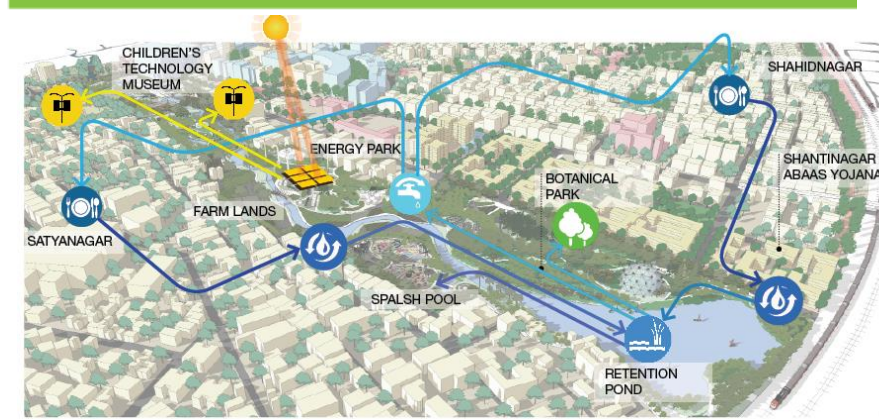

- Proactive research for best practices across the world and contextualize its applicability.
- Focus on creating a walkable, well-connected mixed-use area with public realm investments visible in its streets, public spaces and buildings.
- Prioritize placemaking through creation of active, vibrant and safe public places.

JANPATH TOD CORRIDOR

Create identity for projects – BRAND THEM

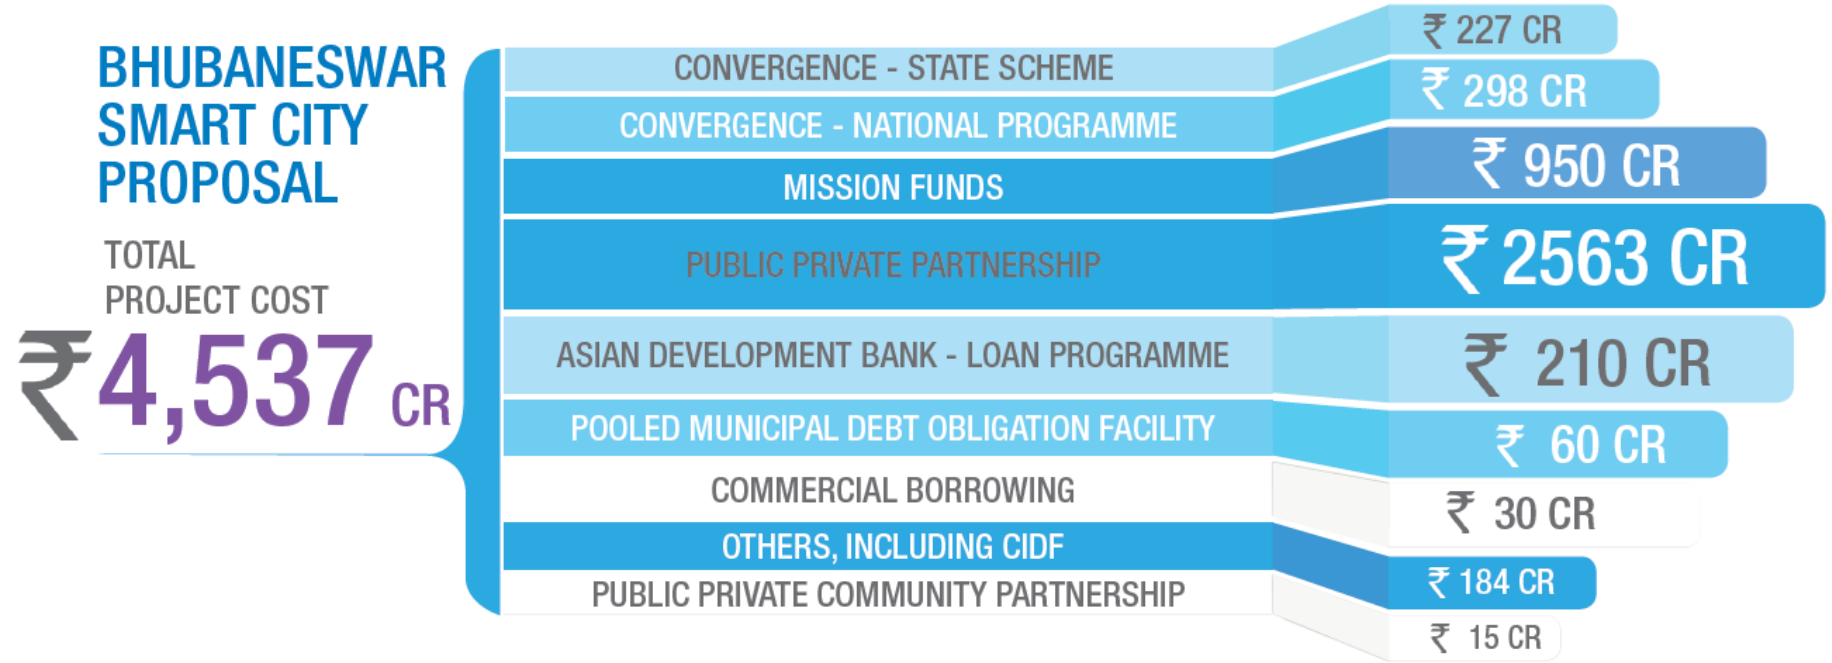

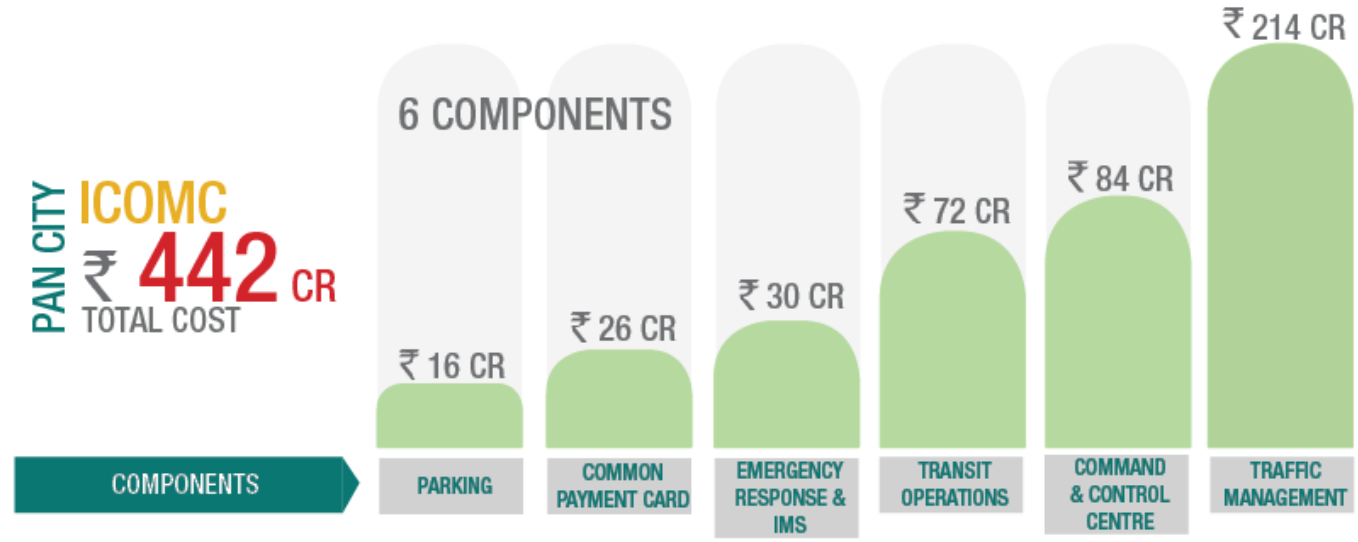

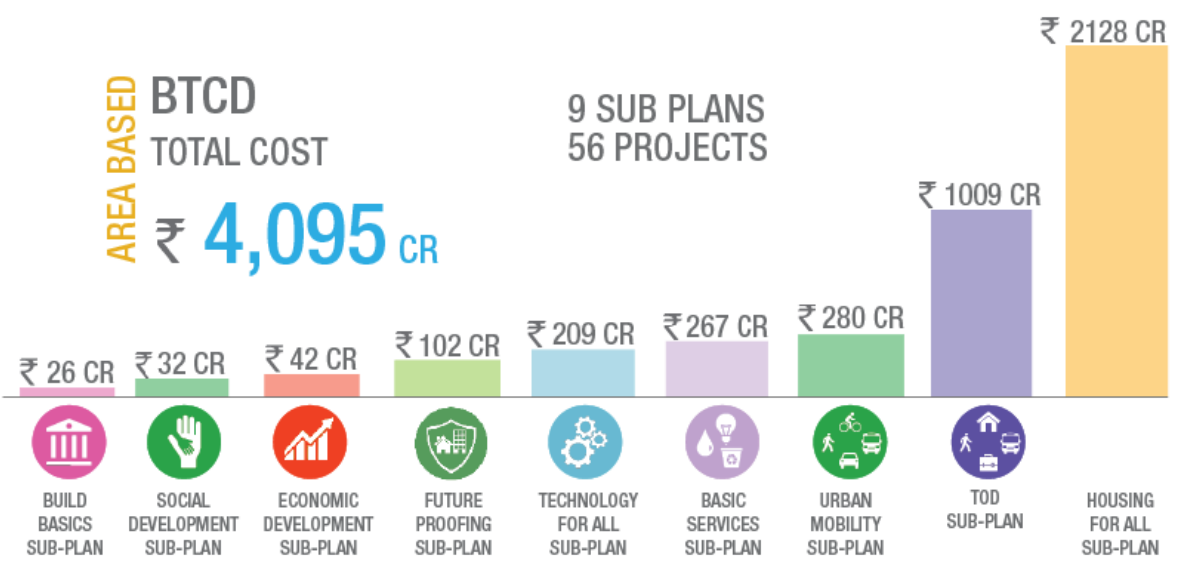

- *Reflects the vision, culture and uniqueness for the development*
- *Attract potential investors and communicate the essence of creating a new destination*
- *Differentiate the project from other competing products, as well as instill a sense of confidence in the market*
- *Use illustrative diagrams and 3d maps for displaying the development plans for easy dissemination of content of proposal.*

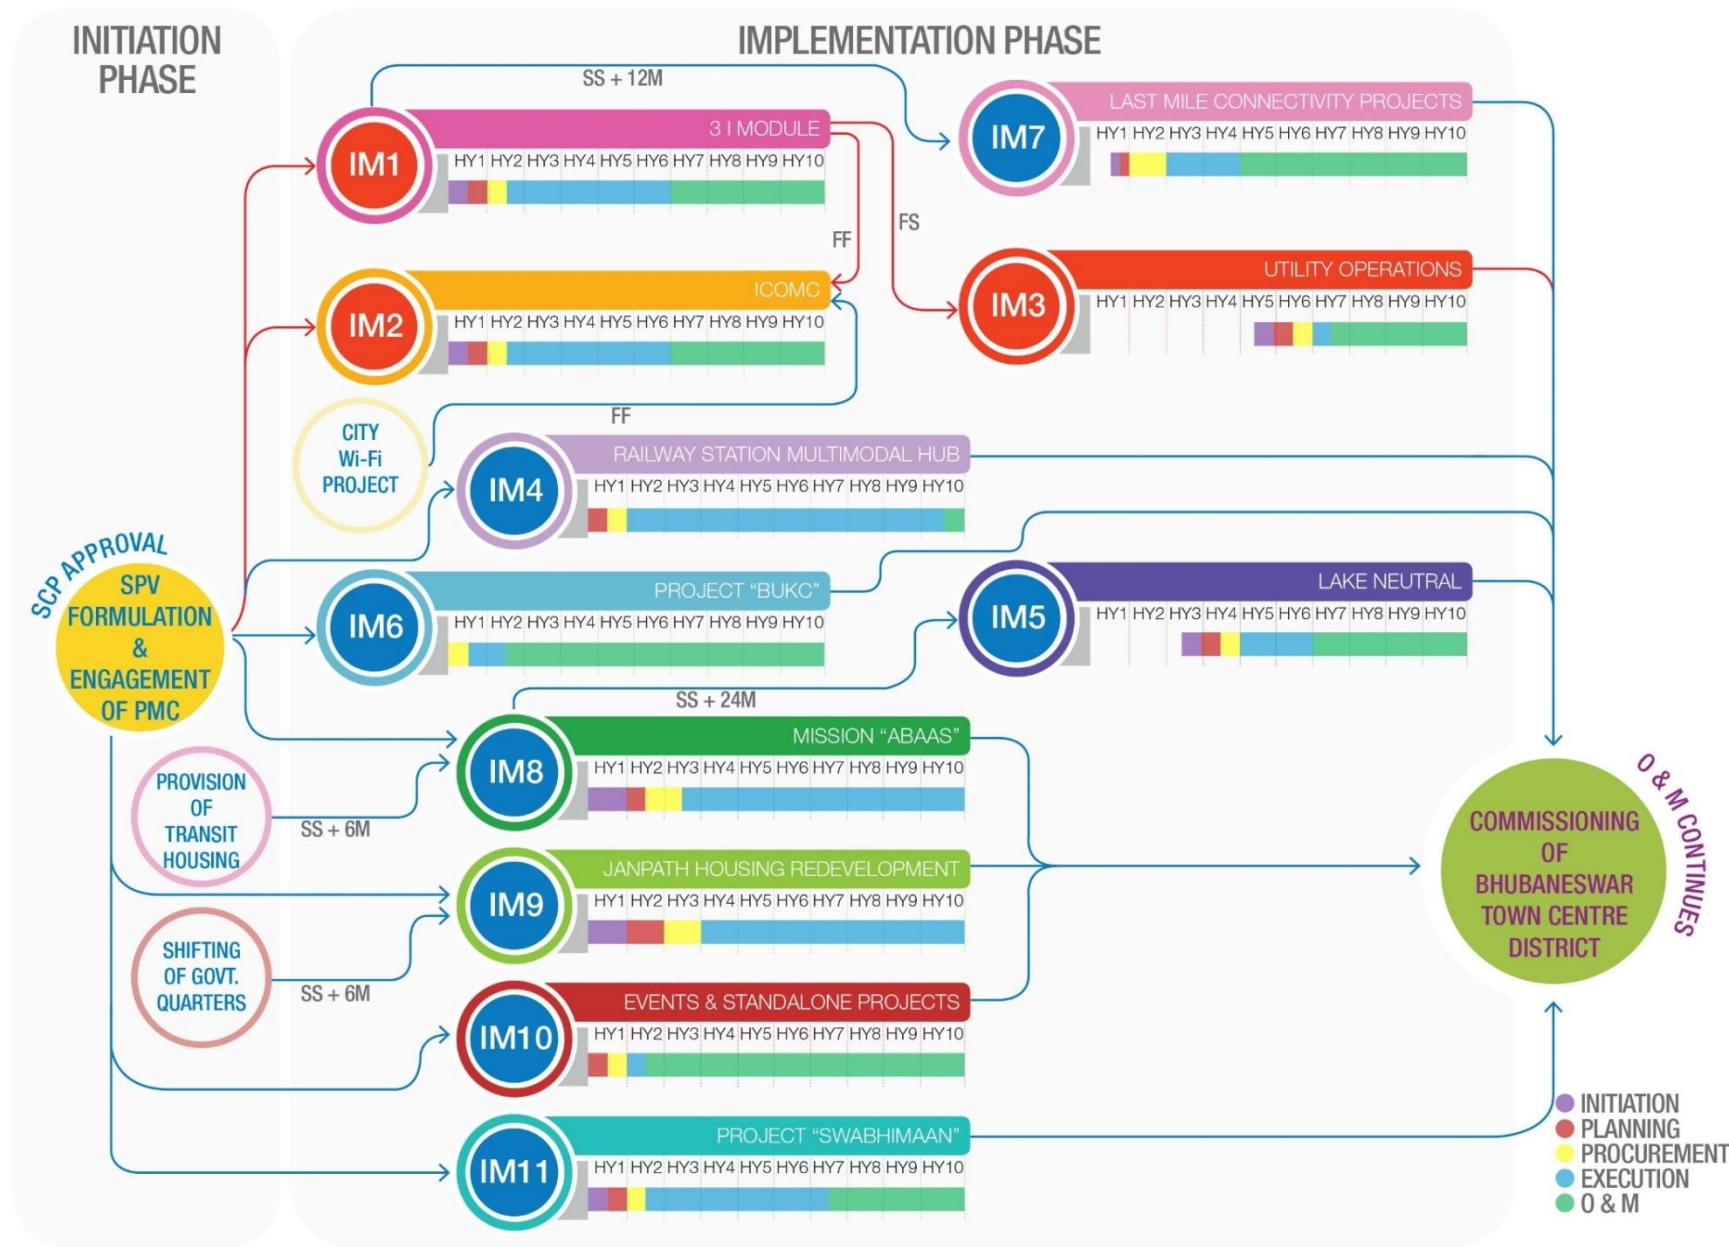

- *Select and focus only on one **Pan City Solution and Area Based District.***
- *Select an appropriate scale for completing the project within the stipulated deadlines*
- *Prepare **comprehensive proposal focusing more on AREA BASED DISTRICT** strategizing the short term and long term impacts*
- ***Be a contributor-** don't leave the proposal writing to your consultant team only*
- *Always keep revisiting the entire questionnaire - **IT'S ALL CONNECTED- Vision | Strategic Plan | Goals | Financing | Implementation***

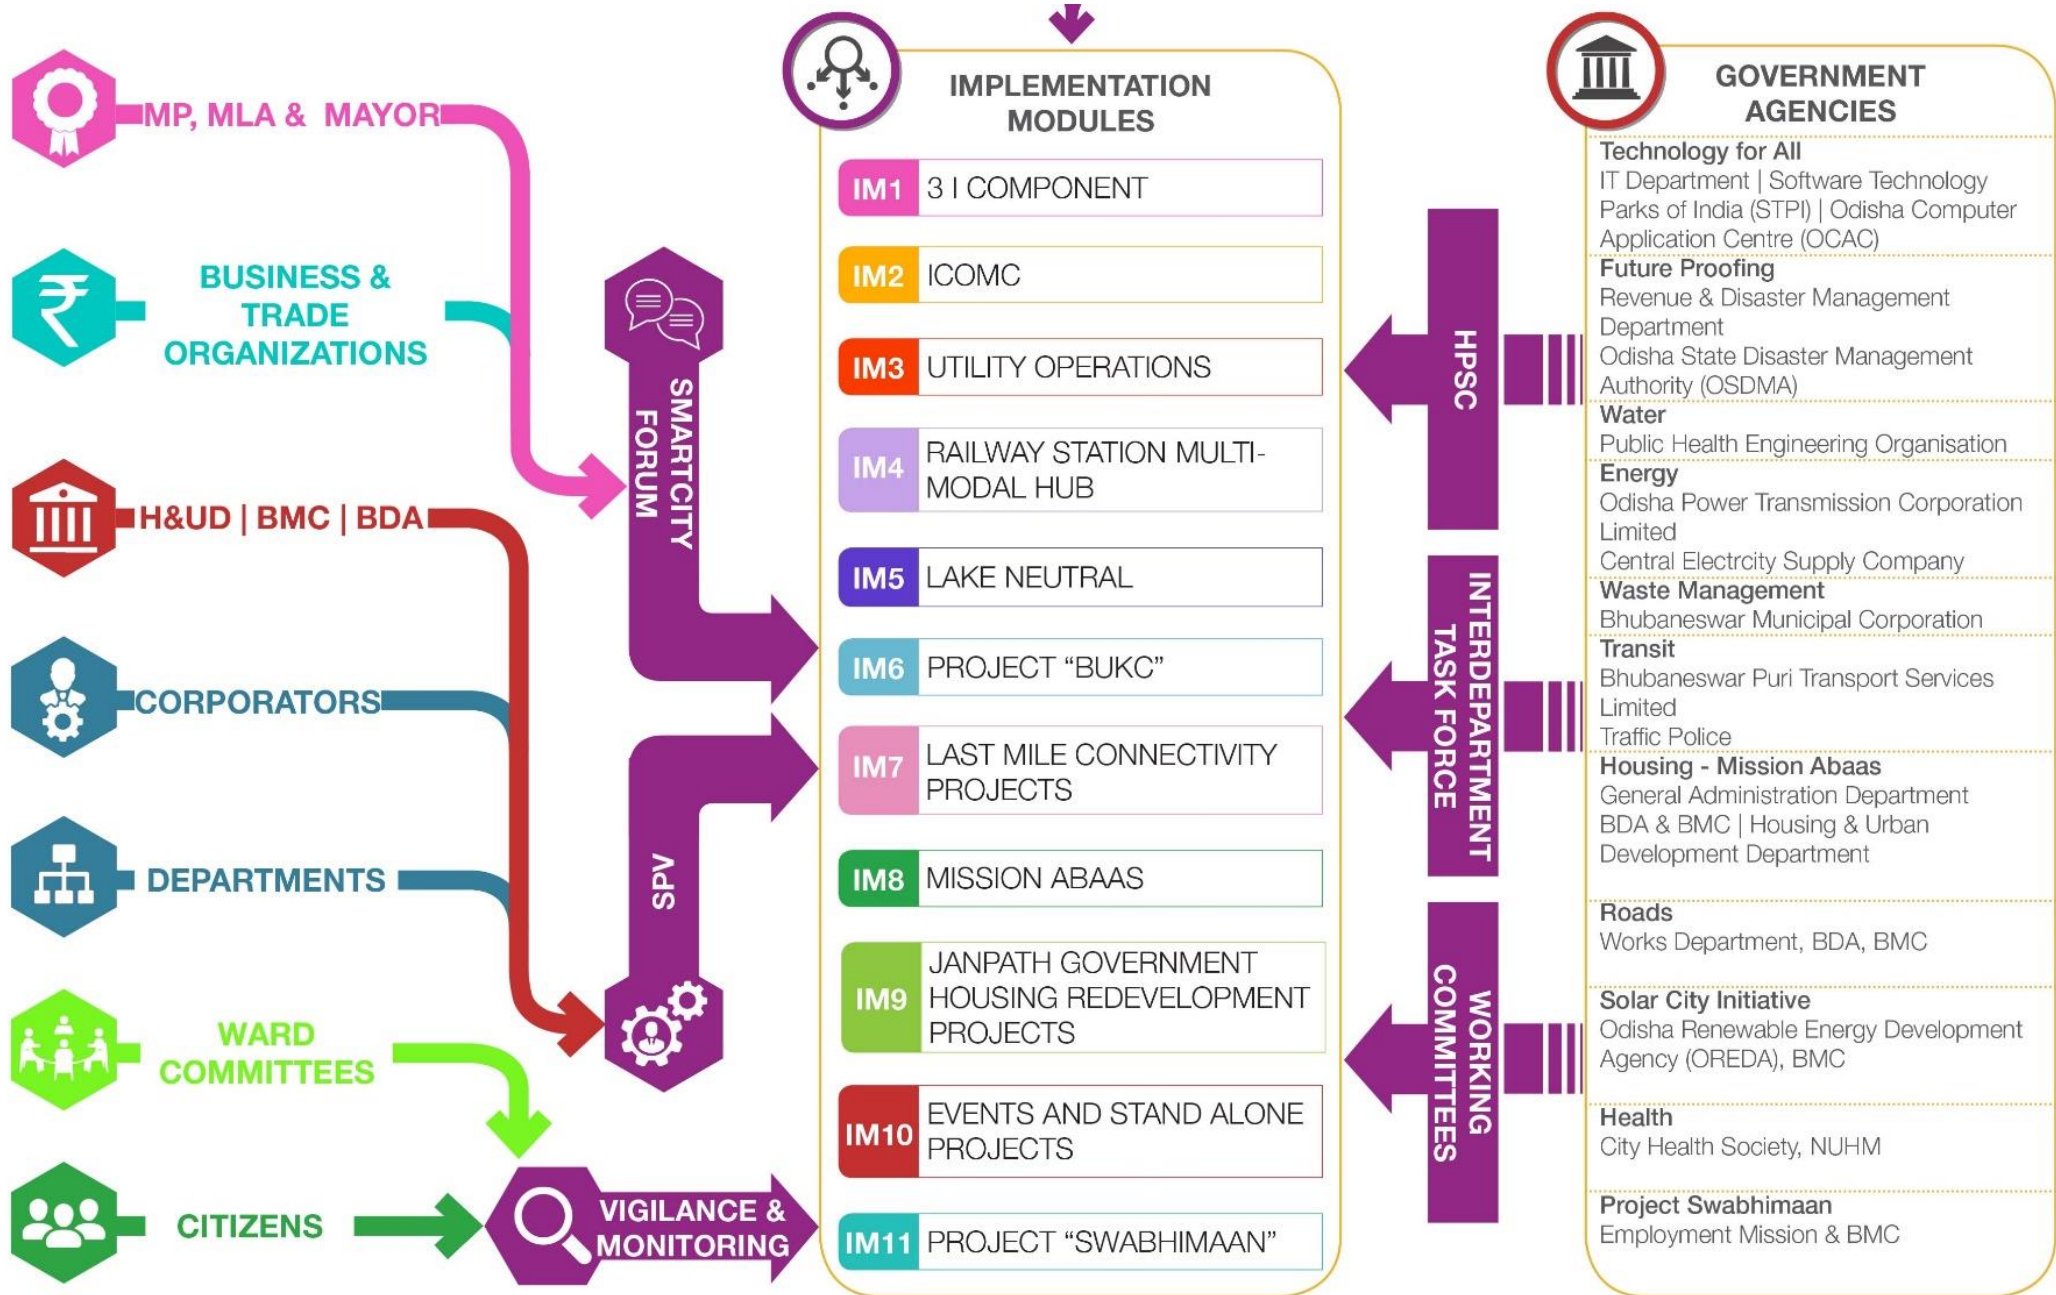

Self-sustainable Financing Plan and Convergence Mechanism

- Identify Critical Activities and prioritize them
- Map the sequence and derive dependency network
- Identify risks and prepare robust mitigation strategy
- Formulate planning of projects for optimum resource utilization

Implementation Plan - Stakeholder Engagement Strategy

Thank You
